Eligible dairy farmers can now access up to £50,000 to finance dairy cows and grow herds affordably, without the need to see any accounts or bank statements. Through a simple credit check, we could offer you a decision and finance facility on the same day.

Once in place, finance can be used to invest in cows from approved private sellers or auctions.

Our finance options allow you to grow without damaging cashflow, with costs spread for up to 4 years and payments made monthly, quarterly or seasonally to suit your farm.
